The document contains a bibliography of various references related to Roman archaeology and plant remains. It includes authors such as Dickson, C, Crummy, N, and Davies, R W, among others. The references cover topics ranging from Roman military diets to plant remains from brochs and Roman military ditches. The bibliography is extensive, with entries dating from 1971 to 2004, and includes works from both British and international authors. The entries are cited in various archival and academic journals, highlighting the interdisciplinary nature of Roman archaeology.
